

Analogue High Definition wireless color camera
with Laser in kit with receiver

afbeelding kan van origineel afwijken

Product features camera:

- Analogue High Definition 1080 pixels
- Ideal as forklift camera.
- Laser for easy positioning
- Night vision distance 3-5m
- Magnetic base
- 1/2.9" CMOS
- Water resistance IP69K (high pressure resistant)
- 10 - 32 Volt
- Usage temperature:-20° to 70°
- Viewing angle : 70°
- Antivibration: ISO 16750-3 (5,9G)

Specifications camera:

- Type:1/2.9 CMOS
- TV system: PAL/NTSC
- Resolution in pixels: AHD 1080
- Synchronisation: internal
- Minimal brightness: 0,1Lux
- Shell : magnetic for easy installation
- Voltage: DC 10 - 32V
- Water projection resistance IP69K
- Usage temp.: -20 to 70°
- Storage temp.: -30 to 80°
- Angle of view: 70°
- Video Output: 1.0Vp-p, 75 Ohm

Product features receiver

- 2.4G digital wireless receiver, CVBS/AHD
- Voltage 12 to 32V
- Sturdy metal casing, suitable for outside use
- 1080 P High definition
- waterproof protection IP69K

Specifications receiver:

- TV System: AUTO
- Operating frequency: 2400-2483.5MHz
- Line of Sight range:120M
- Video Codec: H264
- Receiving Sensitivity: -78dBm
- RF Bit Rate: 12Mbps
- Spread spectrum:FHSS (frequency hopping)
- Latency: 200mS
- Operating Temp.: -20 ~+70°C RH90%
- Storing Temp.: -30 ~+80°C RH90%
- Voltage: 12V via monitor
